Sir,

I am directed by Mr. Secretary Harcourt to acknowledge the receipt of your letter (M.5330) of the 17th of May, on the subject of the return passage of Mr. H. B. Grimley to India.

In view of what is stated in paragraph 2 of your letter and of the fact that Mr. Grimley's connexion with the Colonial service ceases on the 31st instant, Mr. Harcourt would suggest that the most convenient course to adopt in the matter would be that the passage should be engaged by the India Office at the appropriate time and the cost recovered from the Crown Agents for the Colonies.

On the assumption that this will be done, the Crown Agents are being instructed to meet from Northern Nigeria funds the claim in respect of Mr. Grimley's return passage when preferred.

My Lord,

I have the honour to transmit a copy of a letter received from Mr. H. B. Enclosure No. 1 dated 27.8.10

2. Mr. Grimley's seconded period will expire on the 20th April 1912 and his next leave in England will, under normal circumstances, expire about the 1st June 1911.

3. I am glad to take this opportunity of expressing my appreciation of the excellent work done

The Right Honourable,

Enclosure No.1 in despatch No.638 of the 18. 10. 10

FROM MR. H. B. GRIMLEY, TRANSPORT OFFICER, NORTHERN NIGERIA

TO

THE SECRETARY TO THE ADMINISTRATION, ZUNGERU THROUGH THE CHIEF TRANSPORT OFFICER, ZUNGERU.

Sir,

As the five years of my seconded period will have lapsed about the expiration of my next leave from the Colonial Government, I have the honour to request you will be so good as to place this my application for six months leave from the Government of India, to follow in continuation of my leave from this country, before His Excellency the Governor and beg that he may be good enough to favourably recommend the same.

It would appear that I am applying somewhat early in advance, but when it is taken into consideration that the Secretary of State for India may deem it necessary to forward my application to the Government of India for disposal it will necessarily take some time.

In this connection I would beg leave to further add for the information of the Secretary of State for India that my last leave from India was in 1903 when though sanctioned 12 months, I returned after 8 and proceeded immediately on arrival in India to Thibet with Colonel Younghusbands expedition. At the close of which, leave was sanctioned by the Government of India of which I did not avail myself.

Sir,

With reference to your letter of the 1st of October 1908 (M.13807) respecting the proposal to grant to Mr. H.B.Grimley the local rank of Lieutenant, I am directed by the Earl of Crewe to transmit to you a copy of a Confidential despatch from the Acting Governor of Northern Nigeria and, in view of Sir William Wallace's remarks therein, to request that the Secretary of State for India in Council will be good enough to give the matter his further consideration.

Conf. 3rd August 1909.

It will be observed that if Lord Morley can see his way to meet Mr. Grimley's wishes, that officer is prepared to give an undertaking to revert to his rank in the Indian Army at the conclusion of his service in Northern Nigeria.

Zungeru, 3rd August, 1909

My Lord,

With reference to Your Lordship's Confidential despatch of the 10th of October last, I have the honour to transmit a further application from Mr H. B. Grimley for the grant, under certain conditions, of local and temporary rank.

2. The appointment of Mr Woodell has made the position of Mr Grimley still more acute. Mr Woodell formerly served in this Protectorate as a Non-Commissioned Officer in the Medical Department but his retirement from the Army has removed the disabilities attached to non-commissioned rank.

3. Mr Grimley is now the senior officer of his grade, he holds the appointment of a first class officer but as a Warrant Officer cannot be invited to the Military Mess and therefore does not enjoy the priveleges to which his local status should entitle him and which are exercised by officials who are junior to him in the same grade.

4. Regarding the statement contained in the closing sentence of Mr Brade's letter No.074/565 of the 29th of September last which formed an enclosure to Your Lordship's despatch already quoted, I would invite your attention to Mr Grimley's letter in which he states that he is prepared in the event of a temporary commission being granted to him, to furnish an undertaking that he will revert

The Earl of Crewe, K.G.,
Secretary of State for the Colonies,

revert to his rank in the Indian Army, at the expiration of his service in this Protectorate.

5. Mr Grimley will proceed on leave during the coming October or November and I fear that it is probable in the event of the Army Council not being able to accede to Mr Grimley's wishes, that this Government will lose the services of an efficient and experienced transport officer. I trust that the Army Council may favourably reconsider this matter in view of the assurances now given by Mr Grimley.

I have the honour to be,

I am to acquaint you in reply that they are of opinion that the application from the Colonial Office should not be acceded to on the following grounds:-

"Local" Rank can only be conferred upon a Commissioned Officer, and the effect of granting local rank to a Warrant Officer would be to make him a Commissioned Officer, in which case he could not be legally deprived of his commission, except for misconduct.

DEAR SIR,

I forward herewith a copy of a paragraph regarding the appointment of an Assistant Transport Officer for service in Northern Nigeria which will be included in a Military Despatch shortly to be sent to the Viceroy.

Yours truly,

Downing Street,

24 December, 1906.

Sir,

I am directed by the Earl of Elgin to request you to inform Mr Secretary Morley, that, in consequence of the invaliding of Conductor P.Carrigan, Supply and Transport Corps, from Northern Nigeria and of his return to India as dealt with in previous correspondence, a successor is now required in the post as Assistant Transport Officer which Mr Carrigan held in the Transport Department of the Protectorate. Mr Morley is aware that there are now in Northern Nigeria a number of Indian natives engaged on transport work, and the Acting High Commissioner has reported, with regard to the present vacancy, that it is essential that the post should be filled by a man who, in addition to experience in transport work including the repairing and construction of carts, possesses a knowledge of Hindustani. In these circumstances Lord Elgin hopes that Mr Morley will be willing to assist in endeavouring to secure for the post, the services of a member of the Indian Transport service.

2. The terms of the engagement would be as follows:-

All

All bona fide travelling expenses incurred by the officer in India on leaving his existing employment to take up the Northern Nigeria employment would be paid, as well as a free passage from India to England and from England to West Africa with similar free passages on his return to India. Northern Nigeria would pay salary at the Indian rate from the date on which the officer ceased to be paid by the Government of India up to and including the day before his arrival in West Africa. From the date of arrival in Africa pay at the full Northern Nigeria rate would commence. This rate is £300 per annum rising by annual increments of £10 to £350 per annum. There is also a horse allowance of 2/6 s.d a day paid for each day in West Africa for which the officer is required to keep a horse but no other allowance. On completion of his engagement he would be allowed from Northern Nigeria funds, pay at his Indian rate from the date on which, under the regulations governing the West African service, he ceased to be entitled to pay at the Northern Nigeria rate, up to and including the day before that of his arrival back in India. Lord Elgin would be glad if the period of the engagement could be made three years' total absence from India in the first instance, this period being regarded as extendible to five years' total absence from India if desired both by the Northern Nigeria Government and the officer. During the time spent in England, both on the occasion of the journey

to

to West Africa and on the return to Imdia, the following travelling expenses would be allowed, viz:- Third class railway fare from port of disembarkation to London and from London to Liverpool (or port of embarkation for India on the return journey) together with out-of-pocket expenses for transport of baggage during these railway journeys in England. Finally the Northern Nigeria Government would pay the pension contributions which, it is understood, are required by the Government of India when they lend temporarily to another government a man who will eventually be pensioned from Indian funds as if his whole service had been continuously spent in India.

3. The previous paragraph has had in view the necessity of obtaining some one now actually in India; but if there should happen to be a member of the Indian Transport Department who is now on leave in this country and could, in Mr Morley's opinion, be selected for the Northern Nigeria employment, this would be an advantage and simplification.

4. The engagement in Northern Nigeria would be, generally, subject to the conditions of service for Civil Servants in West Africa, a copy of which is enclosed. A copy of the West Africam Leave Regulations is also enclosed from which it will be seen that the normal tour is one of twelve months continuous residential service in West Africa and that it is followed by leave of absence on full pay for the period of the

voyages to and from England and four months in England, free passages being given on these voyages to and from England. A copy is also enclosed of the "West African Pocket Book" which contains miscellaneous information useful to candidates selected for appointments in West Africa. It should be added that the conditions of life in Northern Nigeria are not suitable to Europen women and that the officer selected for the present post could not therefore, if a married man, take his wife out with him. No passage expenses for wife or children, moreover, could, under the rules of the West Africam service, be allowed whether in respect of voyages between India and England or between England and West Africa.
